

Certificate of Origin

Certificate of Origin for “Super Glycerol” Catalog Number AB00751.

American Bioanalytical, Inc. certifies that “Super Glycerol” catalog number AB00751 is of **Vegetable Source** only, and contains absolutely no animal products.

“Super Glycerol” is manufactured in the United States of America, and is derived from naturally occurring vegetable oils, which include palm kernel, palm oil, coconut and palm oil stearin. These constituents are the only raw materials used in the manufacture of “Super Glycerol”.

Additionally, “Super Glycerol” has:

- No genetically modified organisms (GMO's) present in the oil sources used for production.
- No preservatives or additives are used or are present in the manufacturing process.
- No gluten/wheat, corn, dairy, egg, shellfish/fish, sulfites, yeast, starch, MSG, peanut or other nut, rice, sugar, sodium, or soy potential allergens present.

American Bioanalytical, Inc. further certifies that **BSE** (Bovine Spongiform Encephalopathy) or **TSE** (Transmissible Spongiform Encephalopathy) are not of concern with “Super Glycerol” due to the control of the manufacturing process.

Therefore, American Bioanalytical, Inc., certifies “Super Glycerol” to be **Vegetable Source only**, and is **absolutely free of animal products.**

Additional specifications (DNase, RNase, ATP, Endotoxins, etc.) may be obtained at www.americanbio.com
